This scholarship program is designed to be a blessing to pastors, ministry leaders, college students and/or graduate students. We recognize that many pastors, para-church leaders, and college/graduate students do not have the financial resources to adequately provide for post high school education. We also see people like you who are close to the ministry or individual that would like to lend a hand, but prefer someone else to review the financial need of the student and oversee the stewardship of funds. The student and the parents (for undergraduates only) are completing applications to determine qualification and need of this scholarship. The position of Advocate is designed to provide the members of the Scholarship Committee the capacity to fund a scholarship if it is awarded. By agreeing to serve as an Advocate, you are agreeing to serve on the TSF Development Committee with the responsibility to assist in obtaining funds for the nominated student. Your cooperation is appreciated. If you have any questions, please contact the TGT Office.

Development and Fundraising Guidelines

A. After a student's application has been approved and the parent's application has been reviewed and financial need established by the TSF Scholarship Committee, a Scholarship Nomination Letter (Letter) will be issued to the student. Funds solicitation for that student may begin after the Letter has been received. We will provide a copy of the Letter to assist you in your solicitation efforts.

B. You may solicit anyone you think may be interested in assisting in funding the student's post-high school education. A natural group to solicit would be those that are close to the ministry and close to the individual – people most likely to know the effectiveness of the calling and need of the individual.

C. You may solicit them in any way you deem necessary. The only thing we ask is that you provide each prospect with a "Nomination Letter" which provides important information regarding their contribution.

D. You must agree to report gifts, pledges, and commitments to the TGT office as soon as possible after the gift or pledge is received.

E. You must be available for TSF Development Committee meetings and to answer questions regarding the development efforts.
